

COVID-19: KEEPING OUR AREA SAFE

As COVID-19 continues to spread across the country and the world, we all must remain vigilant. Change can be extremely hard but is necessary to make a better future. Together, taking the basic steps will make a safer today and a safer tomorrow.

We recognize that one of the best ways to reduce the spread of this virus is knowledge; knowing the correct information in real time. Here at Art Sign CO Inc., we will ensure our employees, family and friends are always kept to date.

Our office will be **open normal working hours with the exception of 6 feet distancing** from person to person and **required mask wearing**. You can also **reach us by email, website & social media**.

With health and safety concerns in mind, we also **advise and practice the following**:

- **When you are out & at work, wear a protective mask that covers your nose & mouth. Remember you are not just protecting yourself but also helping protect others**
- **Washing our hands often for at least 20 secs or hand sanitizer if soap & water aren't available**
- **Avoid hand contact around the face, nose or eyes**
- **Cover our mouth with a tissue when coughing or sneezing & dispose immediately**
- **Stay home if feeling ill**
- **Get tested & stay home if we've had contact with a potentially infected person**
- **Social distancing at 6 ft between you & the next person when out & avoid crowds**

Of all these measures, we cannot stress enough the importance of **wearing a protective mask and staying home when you're sick**. Let's do our part to keep everyone safe and healthy by following the CDC guidelines. Most importantly, having consideration for others. The fight is far from over.

Thank you for your continued support in this uncertain time. Let's be smart and stay safe.
